

Small Shops of Sonoma County ADVERTISERS INDEX

Our **Small Shops Guide** has become an annual tradition of us and for Gazette readers for the last 18 years. COVID has seriously impacted our small shops so we are especially fervent in our desire to ask you to please go out...**SAFELY** - wear your mask, sanitize your hands **BEFORE** you enter a store so you don't touch merchandise with tainted hands - and **HAVE FUN** while you shop for presents that support our locally-owned stores.

We encourage you to support the small businesses who make this guide possible.

Is WINE on your list for the holidays?

Meet **John Haggard**, co-owner of **Sophie's Cellars** in Duncans Mills. He's your man for wine pairing, and ask him about cheese while you're at it! The man is an expert on both. We look forward to when Friday Locals Nights can resume after the pandemic has passed! In the meantime, visit Duncans Mills for wine, food, gifts, and the pleasure of a ride west to the sea!

Here are some gifts that gardeners will love because they nourish our pollinators and bring beauty to our gardens. I found these seed packs at Harmony Nursery in Sebastopol and Cloverdale Nursery in Cloverdale.

These seed packs from Cloverdale Nursery open into lovely works of art.

These greeting cards below are the talent of Rebecca Lichau of Russian River Glass Images in Guerneville. She was looking for an other artisan so became a botanical illustrator. Both prints and cards are for sale in her glass gallery.
