**211 Information:** You can call 2-1-1 or visit [socoemergency.org](https://socoemergency.org) if you have any questions. Also, take a look at the interactive evacuation map at <https://arcg.is/0buuL1> and search by address to see the status of your zone.

The majority of these zones have already been moved into an evacuation warning. This order expands each zone and allows more people the ability to get their properties to inspect for damage, or just get home.

This means you can now return home **at your own risk**. These areas are still at risk from the fires in the area. We recommend you stay home for the day once you arrive. There's going to be a lot of traffic in the area so please drive safely; our priority is getting everyone home safely.

**All other areas under evacuation order are still closed.** We will send an alert for each area as it re-opens. Continue to follow the instructions of first responders in the area and make sure to listen for hi-lo sirens if fire conditions change. Use extreme caution when around any burned areas that may be present. The burn area is under a Public Health Order due to health hazards created by the fire.

The public is reminded to stay vigilant on current fire conditions. Please continue to adhere to road closures and any evacuation warnings. A reminder to drive slowly and yield to emergency personnel in the area.

## TCP

- Armstrong Woods Road at Sweetwater Springs Road with residence checks to burn area.
  - o Sweetwater Springs Road, no residents past 17990
  - o Armstrong Woods Road, no residents past 16881
- Sweetwater Springs Road (access off Westside Road) at burn area. No residents past 19500 block
- Mill Creek Road at Wallace Creek Road – No traffic into the burn area

## Road Closures:

### EAST ZONE:

#### Napa County:

- SR-128/ eastbound @ Wragg Canyon Rd
- SR-128 westbound, east of Pleasants Valley Rd
- Aetna Springs Rd @ Butts Canyon Rd
- James Creek Rd @ Butts Canyon Rd
- Pope Canyon Rd eastbound @ Hardin Rd
