

Bodega Volunteer Fire Department

As we all know because of Covid 19, this has been a time of unprecedented concern on almost all aspects of our general well-being. Our Fire Department remains strong and resilient during these times. Our Volunteers are here for us and continue to respond to all calls in the same committed manner they always have.

We still need our community to share in the responsibility of making sure we have the resources to achieve the most efficient and effective Fire Department possible. A large part of our budget relies on the donations from our local community. We have built a new fire station, secured new equipment and continue to recruit new Volunteer Firefighters to protect our community. We still need your help in providing this service. Our numerous fundraisers have not and will not happen until we have reached a point that our community is safe and gatherings can be held in confidence. We look forward to a time when we can enjoy our friendship and general wellbeing together.

We ask you at this time to consider your yearly contribution to Bodega Volunteer Fire Department. Many of you respond by being members for the \$50 yearly member donation rate. Others support us by participating in the fundraisers during the year and many in our community do both. Without our usual fundraisers, we still need to continue to upgrade and maintain our facilities, make sure our standby funds are available and continue to serve in the way we have in the past.

Please join again and if you can add a few dollars that you might have spent on fundraisers this last year. As always, we appreciate your support and we will continue to serve our community.

You may mail your donation or donate online at www.bodegafire.org

Thanks as always,
Bodega Firefighters and Board Members
