Dist.	Comment	ARC Rev 1	RP Split	D84750 Cleanup
D2	Petaluma dairy belt stays in D2, incl. Valley Ford (NDC note: boundary kept as-is, which leaves Valley Ford in D5)	Partially Yes	Kept Current	No
	Sonoma State with RP (NDC note: would push D2 to -4.3% deviation)	No	Yes	Yes
	Canon Manor with RP (NDC note: with Sonoma St., would push D2 to -4.9% deviation. Local requests not to be in district with RP)	No	No	Yes
	Bennett Valley & Golf course in D1	Yes	Kept Current	Yes
	Review Cotati city limits (NDC note: boundary confirmed via comparison with City Zoning map, http://p1cdn4static.civicle.com/UserFiles/Servers/Server_9669113/File/ZoningMap.pdf)	Confirmed		
D1	Bennett Valley should follow Area Plan or current lines (NDC Note: some change to current lines needed to bring D2 up to population balance. Area Plan lines do not follow Census Block lines.)	As much as possible	Kept Current	Kept Current
	Keep dead end roads from Roberts/Pressley in D2 (NDC Note: border is closes Census Block border to description and drawing. Next Census Block goes all the way up to Sonoma Mountain Rd.)	As much as possible	Kept Current	Kept Current
	Eagle Ridge and Lichau should be in D2	Yes	Kept Current	Kept Current
	North of Crane Canyon, follow current boundary	Yes	Kept Current	Kept Current
	Boundary would be ok to follow Crane Canyon (NDC Note: border follows Crane Canyon as much as Census Blocks allow. Next Census Block goes all the way up to Sonoma Mountain Rd.)	As much as possible	Kept Current	Kept Current
	Unify Franz Valley in D4 by moving border to Porter Creek (There are no Census Blocks along the drawn line. The only Census Block borders are the existing border and following Mountain Home Ranch Rd, so uniting the homes along Franz Valley School Rd would require dividing the homes along Mountain Home Ranch Rd. The Census Block on the north side of Schoonover Rd extends all the way east to Petrified Forest Rd, just 280 yard from the County border.)	Not possible due to Census Block borders	Not possible due to Census Block borders	Not possible due to Census Block borders
	In Santa Rosa, move "Montgomery Thumb" to D3	Yes	Yes	Entire area into D1
	In Santa Rosa, move D3 east to Alta Vista to pick up Chanate Campus, Flamingo Resort & Rural Cemetery. (NDC Note: proposed change was way too many people, throwing the map out of population balance. Flamingo and Rural Cemetery moved as part of significantly smaller area move.)	As much as possible	Yes	No
D5	Use d81153 map's borders around Forestville	Yes	Yes	That and more into D5
	Use d81153 map's borders around Sebastopol	No (contradicts D2 request)	No (kept current)	That and more into D5
