

Here are some gifts that gardeners will love because they nourish our pollinators and bring beauty to our gardens. I found these seed packs at Harmony Nursery in Sebastopol and Cloverdale Nursery in Cloverdale.

These seed packs from
Cloverdale Nursery open
into lovely works of art.

These greeting cards below
are the talent of Rebecca
Lichau of Russian River
Glass Images in Guerneville.
She was looking for an
other artform so became a
botanical illustrator. Both
prints and cards are for sale
in her glass gallery.
